

New **GENERAL PURPOSE WHEEL LOADER BUCKET**

Dig in, dump, load, and move more with this new bucket from Woods Construction Equipment

Flat top edge design allows you to visually level the bucket for peak performance

Ideal for contractors, rental fleets, as well as farmers and municipalities

New slope bottom design for better roll and fill

Rugged and durable with replaceable, bolt-on skid shoes and cutting edges

CF® General Purpose Wheel Loader Bucket

- Compatible with popular JRB® style couplers
- Your choice of 3-piece or 4-piece OEM style bolt-on cutting edges
- Flat top edge helps you level the bucket for peak performance
- Replaceable, bolt-on skid shoes and cutting edges are easy to maintain and increase the longevity of your bucket
- Made with US grade 50 KSI yield steel, and 100 KSI yield in high-wear areas, for long life and durability
- Slope bottom design features a 5% raised dump angle, and better roll and fill to increase performance
- Intended for dirt, gravel and loose materials up to 3,000 lbs per cu yd*

TECH TIP:

Make sure the bucket you buy has a minimum of 50 KSI yield steel. The higher the KSI yield, the stronger the bucket.
